Getting Families Involved

Try It

Building a Bridge

How can you get families involved in your early childhood program?

Read the “bridge” activities and answer the question(s) that follow.

Bridge #1

Design a Family Resource Center with materials on topics that are of interest to families. *What items will you include?*

Bridge #2

Create a Parent Information Board to build relationships with families. *What information will you include?*

Bridge #3

Strategize a plan to maintain *regular* communication with families. *What methods of communication will you use? How frequently will you use them?*

Bridge #4

Consider some obstacles that might prevent families from being more involved. *What are they? How will you address them?*
